Notes for Contributors

Articles
Contributions in the form of short articles on any aspect of psychological theory or practice with older people are always welcome. As the Newsletter aims to cover a broad, cross section of work with older people, we are happy to consider academic, descriptive, discursive, or review articles for publication.

Articles should be submitted three months before publication (i.e. October for the January issue, January for the April issue, April for the July issue, and July for the October issue).

Research Updates
The Newsletter is particularly keen to publish contributions concerning ongoing research. These can reflect any stage in the research process, e.g. ideas for discussion or early stage results, which are not ready for formal publication. Try to keep them below 500 words.

The Editorial Board reserves the right to make minor changes to any submissions. Where major editing is necessary, the authors will be informed. All contributions must be typed.

Images
The Newsletter is published in black-and-white. It is not advisable to send complicated, colour diagrams. If you are unsure, try printing the image or photo out on a mono laser printer to check for clarity.

Please send original image files (.tif, .jpg, .eps or the like), not simply a Word document with the pictures imported into it, as these do not print properly.

Submission Procedure
Please submit articles as a Word file via e-mail to aja3@st-andrews.ac.uk
Language should be inherently respectful to older people and consistent with the British Psychological Society’s guidelines. Formatting should be consistent with the Society’s guidelines.

When submitting articles please send the following information:
- Full name;
- Affiliation (title, place of work);
- Contact details (should you be willing to be contacted by the membership);
- Acknowledgements (as appropriate).

Finally, if you are reporting research, please indicate whether or not Ethics Committee approval was awarded, and by which Ethics Committee, or whether the work was carried out as an audit/service evaluation project.

Letters to the Editor
The Editor welcomes correspondence which combines brevity with rational argument.
Letters may be edited if more than 250 words in length.

All contributions should be sent to: aja3@st-andrews.ac.uk
